(Image credit: Phoenix Laboratories) The idle big devil from Hong Kong Spark Software may still be in early access, but the simple RPG game has already received a lot of useless reviews from Steam gamers. While it's a simple game that lets you progress through the game without much interaction, there are a lot of things to do while you wait, so it never gets boring. You also get a ton of free currency in the initial game, giving new players a chance to progress quickly. In this game, you are destined by the king as the lord of the murder of the undeads and creatures obsessed with evil spirits. You do it with a total of five heroes you recruit yourself throughout the game. As you travel across the continent, you can participate in various activities that allow you to collect loot, as well as perform daily tasks that award you prizes. You can also gather resources to power your heroes and upgrade your castle. Idling big devil gets a little tricky and harder as you progress and you get to a point where you have to decide whether to spend money or withstand slower progress in the game. However, this game can be completely free to play if you decide not to spend money. Originally designed as a kind of app for Fortnite, Battle Royale blew up in a way that no one expected, quickly becoming among the best free games 2020 has to offer. Fortnite Battle Royale is based entirely on a simple scenario: you dropped the map with 99 other players in a free melee, and the latter left standing at the end of the win. With its meteoric success, Epic Games is long enough to steadily integrate new game modes and fresh features. Take playground mode, for example - it drops you on the map and lets you build up structures for a set period of time before the floodpuns open and carnage begins. What's particularly cool is that with Fortnite, you can actually play with friends no matter what platform they're on. Whether you're on a PC, Xbox One, iOS, Android or PS4, you'll be able to match up with millions of other players from all of these different platforms. Play Fortnite Battle Royale Free 2. Dota 2 Universe Dota may have evolved from the fashion of WarCraft 3, but Dota 2 is very much its own essence, and holds its own as one of the best free games of 2020. This top-down arena battler is free dynamic, bringing in multimillion-dollar prize funds for serious tournament players. However, it's not just for the most hardcore gamers. The short tutorial now shows you how to play, with the Steam Community offering guides for the original MOBA. Don't expect a warm greeting or a light learning curve from your complex gameplay mechanics. However, bring a few friends and Dota 2 will have you connected to one of the biggest hobbies in PC history. It's an aggressive gameplay experience, to be sure, but that one that rewards great teamwork and careful tactics. There is a bit of a learning curve as well, but you will be taken on an exciting trip shortly after the game is pressed. Like Dota 2, league of Legends attracts many high-end players, and top tournaments offer prize funds of more than \$1 million. Weird world of esports, right? Play League of Legends for free6. Hearthstone: WarcraftEver heroes played magic collecting? Hearthstone is Blizzard's attempt to build an online version of it for free. As a typical Blizzard offering, it's really impressive. It's instantly appealing, lacking the terrible learning curve you'd expect from an online fantasy card game. Hearthstone plays fast, has a very casual visual approach and benefits from a basic set of rules, all of which add up to a very affordable card fight that offers you a lot of fun - especially if you're a World of WarCraft fan. Not that it's not difficult as well, especially if you go up against an opponent who plays his cards right, so he gets our vote for one of the best free games to date. Everquest's future was briefly in question after the sale of Sony's online entertainment division in February 2015, but Everquest returned with a ven opinion, swaying new expansion packages and continuing to support Daybreak Game Company. This is one of the many reasons why he made our best free games of the 2020 list. The first of its kind to commercially succeed with a 3D gamer, Everquest was released in 1999 as MMORPG (a massively multiplayer online role-playing game) and has since been documented as one of the most important games in Wednesday's history. With steadily released expansion packs (pretty massive in scale, at least at an early stage) with huge new areas, races and classes, Everquest brings to the table almost everything you could want or need from an MMO. In addition, it is noticeably better at handling the cooperative than its alternatives. Previous page 8 of 23 Next previous page 8 of 23 Next Initially hailed as a game that finally depose World of Warcraft, Rift had its moment - and will still be strong depending on who you ask. This led innovation to a genre that developed very slowly, allowing you to change your class every time spurs forced you. The whole game focuses on the division of giant boss battles and events that inhabit entire zones. It's ambitious, exciting and monumental with dozens of interdiscrete rift that keep things fascinating and unique from other MMOs. And, even after Rift stepped free to play, Trion stayed on top of things, bringing out regular extensions for all to enjoy. Alternatively, you can take a ride on landsark.14. RunescapeRunescape is one of the biggest free-to-play MMOs available, and now is a good time for a deeper look. In 2013, it entered its third reboot - it's actually Runescape 3, though just jumping now, you might not even realize it's been around in one way or another for more than 10 years. Despite the overhaul, it's definitely not the most recent MMO in the world, but hanging on to that many players shows he's doing something right. The big change introduced in Runescape 3, which made it seem much more revamped, was an opportunity to see much further. In Runescape 2, the horizon quickly gave way to fog... not so now. You can download the game for free or run it in your browser using Java, making it much more convenient than most other online role-playing players of this huge scale. Previous page 9 of 23 Next previous page 9 of 23 Next If you are tired of the dark fantasy aesthetic of most MMORPGs, you will love the creative and inspired flair of Maplestory. Described by Nexon as the original 2D side scrolling MMO, Maplestory occupies the classic Dungeons and Dragons genre, and makes it kawaii. Maplestory's lighter tone and setting makes it feel more like Harvest Moon than World of Rift. And, it has more emphasis on improving aesthetics than many other MMOs, allowing players much more personalization over what their characters look like. Maple even has in-game weddings and dinosaur dinosaurs play guitar. In fact, the only thing missing from Maplestory is the Oasis-inspired soundtrack.16 WarframeIf you're in third-party cooperative shooters, Warframe can be one of the best free games available. Players take control of members of Tenno, an ancient race acting against enemies such as Griner, Hull, Infected and The Guardians. Your Tenno soldier uses Crysis-style Warframe armor equipped with guns or melee weapons to fight back. Looking better than your usual free-play shooter, there's plenty of fun to be had in the raids of the Warframe opponent player - so much so that some gamers see it as: Destiny, which never happened. From independent developer and publisher Freejam, Robocraft allows you to command jet (not jets and cars, but jet cars), tanks, flying warships, helicopters and By doing this, you will spend a lot of time participating in battle with other players online. As well as the Fortnite-based vehicle, you'll also be playing with a variety of 250 pre-installed blocks using a simple crafting interface, allowing you to snap the

vehicle of your choice with the weapon of your choice as well. Similarly, Robocraft allows you to create or join clans with up to 50 members. In these clans, you can invite friends to parties and play together, trying to beat other teams. When all is said and done and you are happy with your creations, you can showcase them at a virtualized community robot factory to get likes and promotions. (Image credit: SEGA)43. Total War Battles: Kingdom Strategy Games (RTS) don't get much grander than in the Total War series, and the last entrant, Battles KINGDOM, is free to play. Available for playback on iOS and Android, as well as on a PC, you can pick up where you left off even when you're not at the main battle station. Total battle war: The kingdom is set to turn 10th century and combines army control with the kingdom's building to deliver a bite-sized RTS game that you can immerse yourself in and play anywhere, anytime.
